JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 10 June 1977

1. (Unclassified - BAA) EMPLOYMENT Wanda Armstrong, in the office of Representative Robert E. Bauman (R., Md.), called and requested an application and professional brochures for a constituent. The material was sent to her.
2. (Unclassified - NDL) LIAISON Took a call from John Walters, House Republican Conference staff, who wanted to know if there was a more current issue than May 1976 of the Agency publication entitled "Estimated Soviet Defense Spending in Rubles, 1970-1975." After checking with the Congressional Support Staff, I called Mr. Walters back and told him that the 1977 issue had not been released yet. He thanked me for my help.
3. (Unclassified - NDL) LIAISON Received a call from Tom Hipple, in the office of Representative Andrew Jacobs, Jr. (D., Ind.), requesting a wall size map of Africa, one that shows railroads, rivers, ports, etc. After checking with the Map Library, I told Mr. Hipple that one would be sent to him in a day or so.
4. (Unclassified - NDL) LIAISON Took a call from Roy Werner, on the staff of Senator John Glenn (D., Ohio), who asked that they be taken off the list to receive the Eastern Europe FBIS Daily Report and added to the list to receive the Asia and Pacific FBIS Daily Report. FBIS Liaison will take care of this.
5. (Confidential - PG) LIAISON Telephoned the Physical Security Section of the Office of Security to inform OS that Mr. Michael J. Hershman, Deputy Staff Director, Subcommittee on International Organizations, House International Relations Committee, had advised me that he had not heard from OS's representative with regard to physical security arrangements in the Subcommittee's spaces. I had made the arrangement last week to have a representative contact Mr. Hershman and meet with him. OS assured me that they had been trying to contact Mr. Hershman and would continue. I so advised Hershman.
